

## Annex A: Types of cookies used by this website

Name of the cookie	Source	Purpose	Period for which the file is stored	How the file can be blocked
PHPSESSID	Janssen.TV	These files contribute to the improvement of performance and usability of our website. They can for example help determine if the browser supports small programmes launched by the browser (the so-called "scripts"), providing additional functionality, as well as allow to save changes in the website preferences set by the user (e.g. font size or language preferences)	Cookies generated for this purpose are automatically removed from the user's device once the browser is closed.	In order to enable or disable support for these cookies you need to make appropriate changes in browser settings. As the means vary from browser to browser, you should visit your browser's help menu for more information.
mobile_auth	Janssen.TV	The file is used in order to store user session when logging on mobile devices.	These cookies are removed after approximately 360 days.	In order to enable or disable support for these cookies you need to make appropriate changes in browser settings. As the means vary from browser to browser, you should visit your browser's help menu for more information.
eucookie	Janssen.TV	Cookie verifying the acceptance of the message regarding cookies preventing the message from being displayed again.	Cookies generated for this purpose are automatically removed from the user's device once the browser is closed.	In order to enable or disable support for these cookies you need to make appropriate changes in browser settings. As the means vary from browser to browser, you should visit your browser's help menu for more information.
PREF, NID	Google.com	Cookies used by Google in order to adjust the ads in its services (e.g. the Google search engine).	Cookies are removed after 6 months from the first visit.	In order to enable or disable support for these cookies you need to make appropriate changes in browser settings. As the means vary from browser to browser, you should visit your browser's help menu for more information.
